

## **Greater Keller Women' Club Brings Holiday Spirit To Keller's New Fire Station**

Keller, TX--On the evening of November 19, members of the Greater Keller Women's Club will fill Keller's newest fire station #4, located on the corner of Keller Smithfield and Bear Creek Parkway, with a little holiday cheer. The firehouse will be decked out with a new Christmas tree and holiday decorations while the crew enjoys a pizza dinner, all compliments of GKWC.

"Since the station is a fireman's home away from home, we feel it is important to bring a little cheer to those who risk their lives protecting us," said Linda Boylan, activity chair. "The firemen really appreciate what we do for them, and we have a good time doing it!"

Children and grandchildren of GKWC members, part of a new service group called "Footprints," will get in on the festivities as well. As their first community service project, the children are creating original artwork which is being made into a keepsake quilted tree skirt for the fire station's holiday tree. Members and their children will present the special gift at the decorating party. The crew will also be giving the children a special tour of the station.

The fire station holiday decorating tradition has been a part of GKWC's community pride for over 10 years. Other recipient stations include No. 2 and No. 3, on Keller Smithfield Road, and Rufe Snow, respectively.

The GKWC is a 501(c)4 organization whose mission is to further the common goal and general welfare of the people of the community and to provide a means for members to pursue mutual interests and participate in the community.
